

IOTC Agreement – Article X

Report of Implementation for the year 2016

DEADLINE FOR SUBMISSION OF THE REPORT 17 MARCH 2017

Reporting CPC: France (Territories)

Date of submission: 17/03/2017

Please NOTE: this document is composed of 3 sections to report on the implementation of IOTC Resolutions

Part A. *Describe the actions taken, under national legislation, in the previous year to implement conservation and management measures adopted by the Commission at its Twentieth Session.*

- Resolution 16/01 On an Interim Plan for Rebuilding the Indian Ocean Yellowfin tuna Stock in the IOTC area of competence

Since 1 January 2014, there are no vessels flying the flag of France(Territories) listed in the Register of vessels authorized to fish for species under the mandate of IOTC. Vessels previously listed in the IOTC Register under the France(Territories) flag and corresponding capacity plans have been transferred to the flag of France as part of the European Union.

The report on methods for achieving the YFT catch reductions has already been provided to the IOTC Secretariat:

Yes

Additional information:

Not applicable

- Resolution 16/02 On harvest control rules for Skipjack tuna in the IOTC area of competence.

Since 1 January 2014, there are no vessels flying the flag of France(Territories) listed in the Register of vessels authorized to fish for species under the mandate of IOTC. Vessels previously listed in the IOTC Register under the France(Territories) flag and corresponding capacity plans have been transferred to the flag of France as part of the European Union.

- Resolution 16/03 On the second performance review follow-up

Not applicable as the first Technical Committee on the Performance Review scheduled for 2 March in Cape Town was postponed. When a new date has been set, France will participate to the Committee's meeting on behalf of the TAAF.

- Resolution 16/04 On the implementation of a Pilot project in view of promoting the Regional observer scheme of IOTC

The TAAF participate in the IOTC observer coordination meeting. France Territories participated in the coordination meetings of state managers of scientific fisheries observer organized by Smartfish-COI. These biannual meetings provide a provisional list of boardings for regional fisheries observers from IOC Member States and France Territories.

In 2010 the TAAF were selected to be the first trainer of observers for the States of the region. Since then, 1 to 2 spots are reserved annually to nationals of these States in each observers' promotion.

- Resolution 16/05 On vessels without nationality

Decree 2017-10 of 5 February 2017 prescribing the rules governing the fishing of tuna and other pelagic fishes in the Exclusive Economic Zones of the Scattered Islands (Glorieuses, Juan de Nova, Bassas de India, Europe, Tromelin) prohibits fishing without a TAAF authorization. Only vessels flying the flag of a State may apply for such an authorization.

- Resolution 16/06 On measures applicable in case of non fulfilment of reporting obligations in the IOTC

“NOTING that incomplete reporting or no data reporting and that, despite the adoption of numerous measures intended to address the matter, lack of compliance with reporting obligations is still a problem for the Scientific Committee and for the Commission;”

Actions taken to implement their reporting obligations for all IOTC fisheries (in terms of Resolutions 15/01 and 15/02), including shark species caught in association with IOTC fisheries, and in particular the steps taken to improve their data collection for direct and incidental catches.

Note: where applicable, please report actions separately for artisanal (coastal), and industrial IOTC fisheries:

- **Action(s) to improve data collection that facilitate improvements in compliance in terms of IOTC mandatory reporting obligations (e.g. development or improvements in the implementation of logbooks, port-based sampling or related fisheries surveys, national observer scheme, vessel registry, electronic data capture, VMS, or on-board electronic monitoring):**

Additional information:

Since 1 January 2014, there are no vessels flying the flag of France(Territories) listed in the Register of vessels authorized to fish for species under the mandate of IOTC. Vessels previously listed in the IOTC Register under the France(Territories) flag and corresponding capacity plans have been transferred to the flag of France as part of the European Union.

- Resolution 16/07 On the use of artificial lights to attract fish

Since 1 January 2014, there are no vessels flying the flag of France(Territories) listed in the Register of vessels authorized to fish for species under the mandate of IOTC. Vessels previously listed in the IOTC Register under the France(Territories) flag and corresponding capacity plans have been transferred to the flag of France as part of the European Union.

For vessels flying the flag of a third-party State, Decree No. 2017-10 of 5 February 2017 prescribing the rules governing the fishing of tuna and other pelagic fishes in the Exclusive Economic Zones of the Scattered Islands (Glorieuses, Juan de Nova, Bassas de India, Europe, Tromelin), in its Annex II, prohibits the use of artificial lights to attract fish.

- Resolution 16/08 On the prohibition of the use of aircrafts and unmanned aerial vehicles as fishing aids

Since 1 January 2014, there are no vessels flying the flag of France(Territories) listed in the Register of vessels authorized to fish for species under the mandate of IOTC. Vessels previously listed in the IOTC Register under the France(Territories) flag and corresponding capacity plans have been transferred to the flag of France as part of the European Union.

For vessels flying the flag of a third-party State, the controllers and observers verify compliance with this ban.

- Resolution 16/09 On establishing a Technical Committee on Management Procedures

France will participate in the Technical Committee on Management Procedures scheduled for 20 May 2017 in Yogyakarta, Indonesia, ahead of the 21st Session of the IOTC.

- Resolution 16/10 To promote implementation of IOTC Conservation and Management Measures

Not applicable

- Resolution 16/11 On Port state measures to prevent, deter and eliminate illegal, unreported and unregulated fishing

Since 1 January 2014, there are no vessels flying the flag of France(Territories) listed in the Register of vessels authorized to fish for species under the mandate of IOTC. Vessels previously listed in the IOTC Register under the France(Territories) flag and corresponding capacity plans have been transferred to the flag of France as part of the European Union. There is no landing port in the TAFF.

- Resolution 16/12 Working Party on the Implementation of Conservation and Management Measures (WPICMM)

Not applicable, as this Working party did not meet last year.

Note: ^a indicate that a template report exists for some of the requirements and can be downloaded at <http://www.iotc.org/compliance/reporting-templates>

Part B. *Describe the actions taken, under national legislation, to implement conservation and management measures adopted by the Commission in previous Sessions, and which have not been reported previously.*

The entire regulatory framework of the IOTC adopted at previous sessions is transposed into our domestic legislation.

Part C. Data and information reporting requirements for CPCs to be included in this report (please refer to the section “Implementation Report due by 17 March 2016” of the *Guide on data and information reporting requirements for Members and Cooperating Non-contracting Parties*, available for download at <http://www.iotc.org/compliance/reporting-templates>).

- Resolution 01/06 Concerning the IOTC bigeye tuna statistical document programme

CPCs which export bigeye tuna shall examine export data upon receiving the import data from the Secretary, and report the results to the Commission annually [A template report exists].

Nil report, specify the reason: No large scale longline vessels on the IOTC RAV
 Do not export frozen big eye tuna

The report has already been provided to the IOTC Secretariat:

Yes **Date of reporting (DD/MM/YYYY):** [Click here to enter text.](#)
 No

The report is attached to the implementation report:

Yes No

Additional information:

No export operation is currently made from a port of landing located in a French territory. None of the vessels authorized to fish in the French waters of the Mozambique Channel have landed their catch in a French port of the Southern Indian Ocean. Therefore, there has been no export of bigeye tuna originating from the French Overseas Territories.

- Recommendation 05/07 Concerning a management standard for the tuna fishing vessels

The CPC flag States which issues licenses to their AFVs should report annually to the Commission all measures taken to meet the minimum management standards when they issue fishing licenses to their “authorised fishing vessels”.

- Resolution 10/10 Concerning market related measures

For CPCs that import tuna and tuna-like fish products, or in whose ports those products are landed or transhipped, should report a range of information (e.g. information on vessels / owners, product data (species, weight), point of export) annually. *[A template report exists].*

Nil report, specify the reason(s): No landing from foreign vessels in national ports
 No transhipment by foreign vessels in national ports
 Do not import tuna and tuna-like fish products

The report on import, landing or transhipment of tuna and tuna-like fish products landed or transhipped in port in 2016 have already been provided to the IOTC Secretariat:

Additional information:

Since 1 January 2014, there are no more vessels flying the flag of France (Territories) on the record of vessels authorized to fish for IOTC species.

France(Territories), nonetheless, has an observer programme. Observations are conducted as part of the OBSPEC campaign.

During 2016, 10 observers were deployed on 11 tuna purse seiners (3 Spanish, 5 French and 3 Seychellois) with a fishing license to exploit the waters of the Scattered Islands. Fishing trip reports have been transmitted to the French authorities and to the coastal States with regard to their EEZ. The information collected in connection with these observer trips was transmitted to the IOTC by the IRD scientific institute.

In total, for the 2016 campaign, 562 days of activities were observed, 16 of which were in TAAF waters, i.e. 2.15% of the total (1 day at Juan de Nova, 12 days at Glorieuses, 0 day at Tromelin and 2.5 days at Bassas de India).

- Resolution 12/04 On marine turtles

CPCs shall report to the Commission, in accordance with Article X of the IOTC Agreement, their progress of implementation of the FAO Guidelines and this Resolution.

Decree 2017-10 of 5 February 2017 prescribing the rules governing the fishing of tuna and other pelagic fishes in the Exclusive Economic Zones of the Scattered Islands (Glorieuses, Juan de Nova, Bassas de India, Europe, Tromelin) lays down in its Annex II the provisions on the recording of information on interactions with sea turtles, as well as the obligations for the different types of fishing gear (purse seine, net, line/longline/pole-and-line) to release them in order to increase their chance of survival, as well as for the design of FADs so that they do not entail a risk of entanglement of sea turtles.

- Resolution 12 /06 On Reducing the Incidental Bycatch of Seabirds in Longline Fisheries

CPCs shall provide to the Commission, as part of their annual reports, information on how they are implementing this measure and all available information on interactions with seabirds, including bycatch by fishing vessels carrying their flag or authorised to fish by them. This is to include details of species where available to enable the Scientific Committee to annually estimate seabird mortality in all fisheries within the IOTC Area of Competence.

Decree 2017-10 of 5 February 2017 prescribing the rules governing the fishing of tuna and other pelagic fishes in the Exclusive Economic Zones of the Scattered Islands (Glorieuses, Juan de Nova, Bassas de India, Europe, Tromelin) provides, in its Annex II, provisions for vessels using longline or pole-and-line, to limit incidental interactions with seabirds: these include the use of circle hooks and at least an additional device to avoid interactions, as well as measures in terms of management of production waste and reporting obligations.

Information on interactions was transmitted to the IOTC Scientific Committee within the framework of France's National Report on behalf of its territories.

- Resolution 12/12 To Prohibit the use of large-scale driftnets on the high seas in the IOTC Area

CPCs shall include in their Annual Report a summary of monitoring, control, and surveillance actions related to large-scale driftnet fishing on the high seas in the IOTC area of competence.

The use of gillnets is banned since 2008 (Article 5 of modified TAAF Decree No. 2008-06).

- Resolution 13/04 On the conservation of cetaceans

CPCs shall report, in accordance with Article X of the IOTC Agreement, any instances in which cetaceans have been encircled by the purse seine nets of their flagged vessels.

Not applicable (No PS vessels on the IOTC RAV in 2016);

No encirclement reported by flag vessels in 2016,

- Resolution 14/05 Concerning A Record Of Licensed Foreign Vessels Fishing For IOTC Species In The IOTC Area Of Competence And Access Agreement Information

For Government to Government access agreement in existence prior to the entry into force of this resolution, where coastal CPCs allow foreign-flagged vessels to fish in waters in their EEZ in the IOTC Area for species managed by IOTC through a CPC-to-CPC agreement, CPCs involved in the referred agreement:

- Shall submit copy of the access agreement,
- Shall submit information concerning these agreements (paragraphs 3a, b, c, d, e, f, g),

A report template exists and can be requested at secretariat@iotc.org

Additional information:

Since 1 January 2014, there are no more vessels flying the flag of France (Territories) on the record of vessels authorized to fish for IOTC species.

- Resolution 15/04 Concerning the IOTC record of vessels authorised to operate in the IOTC Area of Competence.

CPCs shall review their own internal actions and measures taken pursuant to paragraph 7, including punitive actions and sanctions and, in a manner consistent with domestic law as regards disclosure, report the results of the review to the Commission annually. In consideration of the results of such review, the Commission shall, if appropriate, request the flag CPCs of AFVs on the IOTC Record to take further action to enhance compliance by those vessels with IOTC Conservation and Management Measures.

The flag CPCs of the vessels on the record shall:

- take measures to ensure that their AFVs comply with all the relevant IOTC Conservation and Management Measures;

Describe the measures:

[Click here to enter text.](#)

- take measures to ensure that their AFVs on the IOTC Record keep on board valid certificates of vessel registration and valid authorisation to fish and/or tranship;
Describe the measures:
Since 1 January 2014, there are no more vessels flying the flag of France (Territories) on the record of vessels authorized to fish for IOTC species.
- ensure that their AFVs on the IOTC Record have no history of IUU fishing activities or that, if those vessels have such a history, the new owners have provided sufficient evidence demonstrating that the previous owners and operators have no legal, beneficial or financial interest in, or control over those vessels; the parties of the IUU incident have officially resolved the matter and sanctions have been completed; or that having taken into account all relevant facts, their AFVs are not engaged in or associated with IUU fishing;
Describe the measures:
Since 1 January 2014, there are no more vessels flying the flag of France (Territories) on the record of vessels authorized to fish for IOTC species.
- ensure, to the extent possible under domestic law, that the owners and operators of their AFVs on the IOTC Record are not engaged in or associated with tuna fishing activities conducted by vessels not entered into the IOTC Record in the IOTC area of competence;
Describe the measures:
Since 1 January 2014, there are no more vessels flying the flag of France (Territories) on the record of vessels authorized to fish for IOTC species.
- take measures to ensure, to the extent possible under domestic law, that the owners of the AFVs on the IOTC Record are citizens or legal entities within the flag CPCs so that any control or punitive actions can be effectively taken against them;
Describe the measures:
Since 1 January 2014, there are no more vessels flying the flag of France (Territories) on the record of vessels authorized to fish for IOTC species.
- Resolution 15/08 Procedures on a fish aggregating devices (FADs) management plan, including a limitation on the number of FADs, more detailed specifications of catch reporting from FAD sets, and the development of improved FAD designs to reduce the incidence of entanglement of non-target species

From 2015 on, CPCs shall submit to the Commission, 60 days before the Annual Meeting, a report on the progress of the management plans of FADs, including reviews of the initially submitted Management Plans, and including reviews of the application of the principles set out in Annex III.
